

NFI Parts™ Launches New Website: www.nfi.parts

May 7, 2018

Winnipeg, Manitoba, Canada – May 7, 2018: The Aftermarket Parts Company, LLC, operating as NFI Parts™ ("NFI Parts"), a subsidiary of New Flyer Industries Inc. ("NFI Group"), has launched its new website: www.nfi.parts. NFI Group began combining the parts operations of the New Flyer and MCI businesses in December 2016, and introduced the NFI Parts brand in October 2017.

With over 89 years of parts experience, NFI Parts supports a combined fleet of 72,000 active transit buses and motor coaches, serves 4,200 customers annually, and maintains relationships with 17,000 customers. NFI Parts understands the operational importance of getting the right parts, on time, all the time; allowing customer maintenance teams to focus on repairs, and returning buses and coaches to service quickly.

"We are pleased to have continued to offer industry-leading service to our customers as we integrate our business," said NFI Parts President Brian Dewsnup. "The new website gives a holistic view of the products and services we provide at NFI Parts, and a look at what's to come."

NFI Parts is the OEM parts supplier of NFI Group, providing replacement parts for New Flyer transit buses and MCI motor coaches, as well as the product lines for the previously acquired NABI transit bus and Orion parts businesses. NFI Parts has extensive cross references for parts that are common with other transit bus and motor coach product lines, to provide comprehensive support for customers with mixed bus fleets. NFI Parts has a mature supply base and established relationships with over 1,000 suppliers of transit bus and motor coach components and systems.

As previously announced, while the combined businesses have been rebranded NFI Parts, this does not impact customers or suppliers with changes to their primary contacts or transactional processes. All system-related activities will remain as they are today.

NFI Parts will be at **APTA Bus & Paratransit Conference Booth #429/431** on **Tuesday May 8th** for the **Bus Products & Services Showcase**.

About NFI Group

NFI Group and its subsidiaries comprise the largest bus and motor coach manufacturer and parts distributor in North America, with 32 fabrication, manufacturing, distribution, and service centers located across Canada and the United States and employing nearly 6,000 team members.

NFI Group provides a comprehensive suite of mass transportation solutions under several brands: New Flyer® (heavy-duty transit buses), ARBOC® (low-floor cutaway and medium-duty buses), MCI® (motor coaches), and NFI Parts™ (bus and coach parts, support, and service). NFI Group's vehicles incorporate the widest range of drive systems available ranging from clean diesel, natural gas, diesel-electric hybrid, trolley-electric, battery-electric, and fuel cell-electric.

- New Flyer is North America's heavy-duty transit bus leader and offers the most advanced product line under the Xcelsior® and Xcelsior CHARGE™ brands. New Flyer actively supports over 44,000 heavy-duty transit buses (New Flyer, NABI, and Orion) currently in service, of which 7,300 are powered by electric motors and battery propulsion and 1,600 are zero-emission.
- ARBOC is North America's low-floor, body-on-chassis ("cutaway") bus leader serving transit, paratransit, and shuttle applications. With more than 3,000 buses in service, ARBOC leads the low-floor cutaway bus market providing unsurpassed passenger accessibility and comfort over traditional high-floor cutaway vehicles. ARBOC also offers a medium-duty bus for transit and shuttle applications.
- Motor Coach Industries is North America's motor coach leader offering the J-Series, the industry's best-selling intercity coach for 11 consecutive years, and the D-Series, the industry's best-selling motor coach line in North American history. MCI actively supports over 28,000 coaches currently in service.
- NFI Parts is North America's most comprehensive parts organization, providing replacement parts, technical publications, training, service, and support for NFI Group's bus and motor coach product lines.

Further information is available at www.newflyer.com, www.arbocsv.com, and www.mcicoach.com. The common shares of NFI Group are traded on the Toronto Stock Exchange under the symbol NFI.
