**Husband and wife team David and Terri Dinsey have added a new Plaxton Leopard to their ever-growing fleet of vehicles at Tourmaster Coaches.**

Based in Crowland, near Peterborough, their company is ideally located between Lincolnshire and Cambridgeshire, and their extended fleet of 48, 49, 53, 70 and 77- seat vehicles is in constant demand for private hires, corporate events and local school contracts.

Their latest addition is a 12.8m 70-seat Leopard on a B8R Volvo chassis, powered by a D8K 7.7 litre, 350bhp Euro6, six-cylinder engine with a Volvo I-Shift automated transmission. It has full air suspension, I-start duel battery system, air conditioning throughout and a 10-camera CCTV system.

David and Terri started the business 22 years ago and have seen it grow steadily to become an integral part of the transport landscape in Peterborough, Northamptonshire and the North East of England. David commented: "The Leopard is a stylish coach with a reputation that speaks for itself. It has slipped seamlessly into our fleet and is proving to be a great addition. It is ideal for a whole raft of jobs, including school contracts with education authorities and independent schools, private hires for sports events and our tour programmes to the Netherlands and Germany."
