

## Luxury Panther joins fleet at Abbey Coaches

December 4, 2018

Abbey Coaches Pic 1 Nov 2018

**A new, luxury 12.8m 57-seat Plaxton Panther has joined the line-up at Abbey Coaches, which is based in Thornliebank, Glasgow.**

The Euro6 B8R model with I-Shift transmission has an extensive specification, including driver support system, 18.5" front monitor, centre demountable toilet, fridge, extended seats with leather headrests, air conditioning throughout, sophisticated sound and entertainment systems, reversing cameras and CCTV.

It joins a wide range of Plaxton vehicles that form the backbone of Abbey's operations across Central Scotland and beyond, covering airport transfers, corporate hire, day trips, tours, school outings, sports events and local authority contract work.

Graeme Walker, who runs the business with his mother Christine, commented: "Our relationship with Plaxton goes back 20 years and we are delighted with our latest Panther addition. It can tackle a whole range of jobs and is ideal for the wide variety of services we supply."
