Alexander Dennis Limited ("ADL"), a subsidiary of NFI Group Inc. ("NFI"), one of the world's leading independent global bus manufacturers, today announced the delivery of three new Euro 6 Enviro200 single deckers to West Sussex based bus and coach operator Compass Travel.

The three new 9.7m buses have 34 seats and space for one wheelchair and will go into service on Compass Travel's various routes in West Sussex.

The vehicles are equipped with wi-fi, next-stop audio-visual announcements and USB chargers for passengers. They also come with rear sensors installed as an additional safety measure.

Compass Travel operates bus services through East and West Sussex, Brighton and Surrey, and is also one of the leading coach hire companies in Sussex, with over 25 years in operation.

Michael Bishop, General Manager at Compass Travel, said: "We're continuing to invest in our fleet and we're delighted to add these three modern Euro 6 buses which will bring further comfort and reliability for our customers."

Mark Taylor, ADL Sales Account Manager, said: "It's always a pleasure to hand over more new vehicles to Compass Travel. They are a long-standing and high-quality business and these vehicles will continue their ongoing investment into Euro 6 technologies and serve their customers very well."
