

NEW ADL CUSTOMER SFS TAKES DELIVERY OF THREE ENVIRO200 BUSES FOR NHS CONTRACT HIRE

July 26, 2021

Alexander Dennis Limited (“ADL”), a subsidiary of NFI Group Inc. (“NFI”), one of the world’s leading independent global bus manufacturers, today announced the delivery of three new Enviro200 vehicles to Northampton-based contract hire and fleet management company Specialist Fleet Services Ltd (SFS).

Northampton-based SFS was established in 1992 and provides fleet management, vehicle maintenance and workshop solutions for both the public and private sector.

The company has now taken delivery of three low-carbon Enviro200 buses – its first order as a new ADL customer. They are being supplied to Epsom & St Helier NHS Trust on contract hire for use on the H1 staff shuttle between the trust’s Epsom and Sutton hospital locations.

The 9.7m vehicles have 34 ADL comfortable SmartSeats and are fitted with CCTV and Traffilog telematics.

SFS Head of Tenders, Paul Connor, said: “We’re delighted to have taken delivery of these vehicles for our customer Epsom & St Helier NHS Trust. They will form an important part of the services delivered by the Trust.”

Mark Taylor, ADL Sales Account Manager, said: “These are excellent quality, low-emission vehicles and will be a great asset to the NHS trust. We’d like to thank SFS for their order and look forward to working with them further in the future.”
