Forward-Looking Statements

This press release contains "forward-looking information" and "forward-looking statements" within the meaning of applicable Canadian securities laws, which reflect the expectations of management regarding the completion of certain payments related to the Refinancing Plan, the Company's future growth, financial performance, and liquidity and objectives and the Company's strategic initiatives, plans, business prospects and opportunities, including the duration, impact of and recovery from the COVID-19 pandemic, supply chain disruptions and plans to address them. The words "believes", "views", "anticipates", "plans", "expects", "intends", "projects", "forecasts", "estimates", "guidance", "goals", "objectives" and "targets" and similar expressions of future events or conditional verbs such as "may", "will", "should", "could", "would" are intended to identify forward-looking statements. These forward-looking statements reflect management's current expectations regarding future events (including the temporary nature of the supply chain disruptions and operational challenges, production improvement, labour supply shortages, the recovery of the Company's markets and the expected benefits to be obtained through its "NFI Forward" initiatives) and the Company's financial and operating performance and speak only as of the date of this press release. By their very nature, forward-looking statements require management to make assumptions and involve significant risks and uncertainties, should not be read as guarantees of future events, performance or results, and give rise to the possibility that management's predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that the assumptions may not be correct and that the Company's future growth, financial condition, ability to generate sufficient cash flow and maintain adequate liquidity and the Company's strategic initiatives, objectives, plans, business prospects and opportunities, including the Company's plans and expectations relating to the duration, impact of and recovery from the COVID-19 pandemic, supply chain disruptions, operational challenges, labour supply shortages and inflationary pressures, will not occur or be achieved.
